

PUPILS OF PUBLIC SCHOOLS MAY GET FREE DENTAL CLINIC

First Steps Taken Toward Society's Proposal at Meeting of Board of Education.

FUND OF \$1,300 IS STARTED

Health Department Also Will Be Consulted—Judge De Lacy Talks on Ravages of Drink.

First steps toward the establishment of a public dental clinic, described in The Times last week, was taken before the Board of Education yesterday, when a letter from the District of Columbia Dental Society was referred to the board by Superintendent of Schools Thurston.

Though poorer children may get any other form of treatment free now, there is no provision in the District for the free treatment of dental troubles.

The board was reminded that diseases of the mouth are the causes of many systematic disorders, and that many ailments may be traced directly to a bad condition of the teeth.

Fund Already Started.

For the purpose of starting such a clinic the dental society already has raised \$1,300 by subscription. As soon as the board sets its approval upon the enterprise a general appeal for funds will be made. The Health Department also will be consulted. The board referred the communication back to Superintendent Thurston for a fuller investigation.

An earnest plea for scientific temperance instruction of children was made by a group of women representing various organizations and headed by Mrs. W. H. Howard, president of the National Association of Women's Clubs, who are sponsoring a scientific temperance instruction in the schools for the W. C. T. U.

That more than 85 per cent of the cases involving domestic delinquency that came before him during his seven years as judge of the juvenile court were directly caused by drinking was the statement of Judge William H. De Lacy, who spoke as chairman of the schools committee of the Board of Trade.

"One need not go to the mountains of Tennessee for examples of ravages of drink," said Judge De Lacy. "Cases have been known in Washington of children addicted to drink. They even have broken into saloons to obtain drink."

Cites Law of 1886.

Judge De Lacy cited a law of 1886 which provided that instruction in the hygiene of alcoholism must be given school children, and that teachers must be instructed in the effects of alcohol upon the system.

"Just as you provide instruction in music," he continued, "you should provide temperance instruction, not only so that the child might benefit, but so that the reflex influence might be exerted upon the home."

Various women brought the action of clubs, ministerial associations, and other bodies to the attention of the board. Mrs. W. H. Howard presided. Mrs. Emma Sanford Shelton spoke on behalf of the W. C. T. U. She pointed out the employment of an Ohio woman who taught in the schools for a month along the line suggested, and said that teachers had favorably reported upon her work.

Mrs. Theodore Moore read a letter from the Memorial Church of the United Methodist Church, which urged the board to take action on the matter.

Mrs. H. A. Driscoll represented the Methodist Episcopal Church and Mrs. A. N. Morris brought the indorsement of the District Federation of Women's Clubs, representing more than 7,000 women of Washington.

Mrs. Giles Scott after urged that the work be begun in the summer playgrounds and she said it could be started without waiting for an appropriation for another year.

The board yesterday took no action in the case of Dr. Lucy E. Moten, principal of the Miner Normal School, against whom charges of incompetency have been filed. Members of the board said her resignation would not be asked, if asked at all, before July 1.

The board approved the following recommendations:

Appoint the following as substitute teachers in white graded schools: Miss Mary Gantley and Miss Hattie Gantley.

MAN'S ARM BROKEN FOUR TIMES IN YEAR

Paul Harrison Has One That Keeps Leaping Out of Sling Every Few Weeks.

NEWCASTLE, Pa., May 6.—Paul Harrison, of Ellwood City, returned today from New York city with his right arm broken, the fourth time it has been broken since March 9, 1914. Besides, in that time he was shot through the same arm, had three ribs broken, and was ill three months with pneumonia. Harrison is a motorman, and his arm was broken first in a trolley crash. Then he was shot in the same arm by a taxi in whose rear end he was riding, and broke his arm again. It was broken the third time in another trolley collision. The fourth break happened in New York when he was cranking an automobile.

HEAD OF FEDERATION ANNOUNCES POLICIES

Co-operation of General and District Bodies Aim of New Administration.

"Co-operation, and a closer touch with the work of the General Federation of Women's Clubs will be one aim of the new administration of the District Federation," announced Mrs. Court F. Wood, the newly elected president today.

Mrs. Wood pointed to the fact that, for the first time, all committees will be named by a conference of presidents of the various affiliated clubs, instead of by the president of the federation. This will bring each of the clubs, she believes, into closer touch with the work of the federation.

Mrs. Wood was chosen president late yesterday afternoon, along with all officers named by the nominating committee. The other officers elected to serve with Mrs. Wood were Miss Celynda Ford, first vice president; Mrs. Ada Weiss, second vice president; Mrs. A. Rogers, Tracy, recording secretary; Mrs. John H. Stokes, corresponding secretary; Mrs. Josephine L. Jacobs, treasurer; Miss Laura J. Grady, auditor; and Mrs. Eugene H. Pitcher, general federation secretary.

All the officers will serve two years instead of one, as heretofore, and they will not be eligible for re-election.

Bloom of Youth Now Easily Attained

You no longer need to "doctor" that yellow, freckled, blackheaded, rough, blotchy, pimply or over-red skin. You can remove it, instead—easily, painlessly, inexpensively. By a new scientific process, which anyone can use without assistance, the dead and near-dead surface skin, with all its imperfections, is gently, gradually absorbed—and a radiantly youthful and beautiful complexion comes forth! Go to your drug-gist, get an ounce of pure, mercurized wax, at night apply enough of this to completely cover the face; don't rub it in. Next morning remove the wax with warm water. The result after a few days is astonishing. You wonder why this secret wasn't discovered long ago. Let the wrinkled folk also take hope. Put an ounce of powdered saxolite into a half pint witch hazel, bathe the face in the solution and—say!—there's nothing that will so effectively, so promptly, smooth out all those hateful lines—Advt.

Another Brush and Mirror Sale

LAST SALE Last February THIS SALE Tomorrow NEXT SALE Next October

The first of these periodical sales of brushes and mirrors occurred in October, four years ago, when a contract was made with the leading makers to periodically distribute all their surplus production. The first sale resulted in the distribution of more than 2,000 of these brushes and mirrors. Each succeeding sale greater numbers—in two instances the supply did not equal the demand. Tomorrow morning 5,000 will be here to select from. Worthy of note—the leading makers of England, as well as of the United States, will be represented with brushes. The mirrors are all American.
